Continuation of 5. does NOT place the application in condition for allowance because: of the reasons set forth on the record in the final office action. With regards to the rejection under 35 USC 102(b), applicant argues that out of the 45 compositions disclosed by the teachings of the Del Rossi reference, only one would anticipate the instantly claimed composition. This argument has been considered bu is not persuasive. In this case, it is the position of the examiner because one of ordinary skill would be able to list and name all of the compositions described by the reference, including the composition claimed, the teachings of the reference are sufficiently specific to constitute anticipation within the meaning of 35 USC 102. With regards to the rejection under 35 USC 103(a), applicant argues that the claimed composition demonstrates unexpected results. The unexpected results alleged by applicant have been considered but are not persuasive. The evidence of unexpected results is not commensurate in scope with the claims. Applicant has only exemplified one metal concentration, while the claims are open to include any amount of metals. Also, Applicant has used two different catalysts with differing amounts of metals present..
